

Update 6 to COVID-19
Appropriate Mask/Shield/Coverings
& Prescreening Reminder:

July 16, 2020

Dear Residents, Resident Families, Guests/Visitors, Vendors and Staff:

Due to the COVID-19 pandemic we continue to require that all staff and visitors wear appropriate mask/shield/coverings at all times while on community property as well as comply with our prescreening procedures at all times.

For the continued health and safety of each resident and for the staff providing their care, while some states might loosen their covering requirements, we will not be loosening our requirements.

Be safe and stay well!

Richard Landers

Vice President of Administration
